We know the lockdowns in Victoria have caused a lot of anxiety amongst the community. We are happy to be re-opened again and working as normal!

IN THIS ISSUE:

1. WHAT WE ARE UP TO
2. CYBER SECURITY
3. RONALD MCDONALD HOUSE

For the month of May we are proud to have raised a total of \$285.00 for "Impact for Women" who support women and children escaping extreme violence and abuse in Victoria. We were honoured to be able to raise funds for such a worthy cause.

We are proud to have partnered with the Ronald McDonald House as our charity for the month of June.

Please see the pages following on the fundraising opportunity we have going for June!

If you would like to donate, you can donate directly from our fundraiser page here:

Cyber Security How to Protect Yourself

Our firm has proactive steps in place to protect you and your information from cyber-attack. We also need you to take some precautionary steps to ensure the security of your information.

What we will do:

- Tell you, when required, what our payment details are and we will not change those details unless we speak to you first; and
- Always authenticate and verify email instructions from you that direct where money should be sent by speaking to you in person or by telephone.

What we recommend you do:

- Never respond to an email that could be from us requesting you to deposit money into a bank account that is different from the account we gave you previously. You should immediately contact our office either in person or by telephone and speak to the person handling your file if you receive an email of this nature. You should not respond to this email;
- If you are at all concerned or suspicious about any correspondence that you receive from us by email, do not action the request. You should immediately contact our office either in person or by telephone and speak to the person handling your file;
- Follow some basic cyber-crime prevention steps which include:
 - Keep all software on your computer up to date;
 - Change passwords regularly;
 - Use different passwords for different devices;
 - Keep an eye out for spam emails;
 - Do not respond to emails that ask for personal information; and
 - Do not click on links in emails from people you don't know.

We will do our part to ensure your details and personal information are kept safe, please also do yours.

MUMS ON A MISSION

MUMS ON A MISSION

We all know a Mum who is determined to do whatever she can for her child, through whatever comes their way.

For the Mums staying at Ronald McDonald House, each and every day they are on a mission to support their child through their treatment and keep their families together.

For the month of June, Wollerman Shacklock Lawyers will donate a portion for every new file we acquire.

We are proud to support Ronald McDonald House Mums who want to help support others just like them but they need your help...

If you are motivated to stand with our RMHC Mums on a Mission you can donate today too!

"KEEPING IT REAL"

MEET SOME
OF OUR
MUMS....

MEET MELITA

Melita is nearly 4000kms from home awaiting a bone marrow transplant for her baby Same. This is the second time one of her children has needed a transplant to treat their severe combined immunodeficiency.

Despite the difficulties she is facing personally, she says

“You've got to be brave, think of the kids and keep soldiering on for them”

Show Melita you support her mission to be brave for Baby Same and for other Mums just like her.

Melita and baby Same.
She has spent over 450 nights at Ronald McDonald House when both her baby boys have needed critical hospital treatment.

MEET DEB

At just four years old, Deb's youngest daughter Emily was diagnosed with life-threatening brain cancer. Throughout the difficult journey of surgery and treatment the family were able to call Ronald McDonald House home.

Deb says "Sometimes, as parents, we focus on our sick child who needs the help the most, but we all need help.

So that is something I love about the (Ronald McDonald) House, is that we can be together through the journey.

Support Deb on her mission to ensure Ronald McDonald House Charities can support other families through their hardest times.

Deb and brave Emily
She has spent over 149 nights
(and counting) at
Ronald McDonald House during her treatment

MEET MICHELLE

When Michelle's son Mason was born with Hypoplastic Left Heart Syndrome, they knew it would be a long journey to recovery.

Michelle says
"If it wasn't for Ronald McDonald House, my partner and I would have been sleeping on Hospital chairs."

Michelle knows that they will continue to need the House, and she wants to make sure that other families have the same opportunity.

Support Michelle on her mission to provide a home-away-from-home for families just like hers in the future

Michelle and baby Mason.

She has spent over 150 nights at Ronald McDonald House during Mason's heart surgeries and will return throughout his life.
